AN INDIANA DIPLOMAT.

Colonel Nelson, of Indiana, recently Minister to both Mexico and Chile, is a Chesterfield in manner and a diplomat of distinguished attribute. He is the grandfather of young liannegan, of Washington, who was recently killed at Fortress Monroe. He attended the trial at Hampton and is now on his way home. Although Mr. John Goode defended Haines, the murderer of Hannegan, Colonel Nelson did not let that stand in the way of a friendship between them and their relations are most cordial.

WILL TURN IT OVER TO THE SHEMIFF.
Colonel Haskell said in an interview to day that as soon as the Sheriff of Washington county came with the proper papers in his hands that he would turn the property over to him, though he would ask for a receipt for overything that went out of his hands. Most of the officials are preparing to hunt other pastures where they can graze till Bailey is removed, which will only be a short time at least. All work has been suspended on the street-grading and on the road, with the exception of running the trains, which is, of course, a necessity.

Gate-The Latter Badly Cut. (Correspondence of the Richmond Dispatch.)
Scottsville, July 25.—A cutting scrape occurred last night about two miles from this place, in which Mr. James Tilman inflicted a rather serious wound on Mr. Lee May with a pocket-knife. The blade entered the shoulder near the collar-bone, and it is thought pierced the lung, as the wounded man has been spitting up blood. The wound bled very freely, and it was at first thought he would bleed to death, but the blood was stannehed and he was brought to town and placed under the care of Dr. Jefferies, in his office, where he still remains. [Correspondence of the Richmond Dispatch.]

Parties who were present state that as Mr. Tilman was on his way home and about to turn into the gate which led towards his house, young Mr. May, in company with two other gentiemen, rode up and started to enter about the same time. Tilman thought May tried to ride over him or something to that effect, and from this a quarrel started between them, when May dismounted and attacked Tilman with the result as stated above. As yet no arrest has been made. Tilman claims that he acted entrely in self-defence, but as there are two sides to every question that

of course will have to be determined when both are heard.

other medicine.

Peculiar in combination, proportion and preparation of ingredients, Hood's Saraaparilla peasesses the full curative value of the best known remedies of the vegefable kingdom.

Peculiar in its medicinal merit, Hood's Saraaparilla accomplishes cures hitherto unknown.

Peculiar in strength and economy—Hood's Saraaparilla is the only medicine of which can truly be said,"100 doses one dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Saraaparilla.

Peculiar in its "good name at home"—there is more of Hood's Saraaparilla soid in Lowell, where it is made, than of all other blood purifiers.

Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time. Do not be induced to take any other preparation. Besure to get
